Mr. Chairman – members of the committee

My name is Joe Quilici, I am a veteran and I live in Butte.

I want to go on the record strongly supporting HB 296 the Veterans Home bill.

There is a real need for a Veterans Home in S.W. Montana. The Veteran home in Butte is an ideal location. There are many reasons for this location.

It is easy access for the Veterans and their families because Interstate Hwy I 15 and I90 intersect and is in close proximity of the proposed site of the Veterans Home

Mr. Chairman – members of the committee there are many other reasons why HB 296 Veterans Home should be funded & built in Butte. I know you are very busy, but I just want to be brief and to the point. This is very important to the Veterans of SW Montana.

We Veterans have served our country honorably. I ask you to please fund HB 296.

Thank You
Joe Quilici
